INDEPENDENT AUDITOR'S REPORT

January 31, 2019

To the Board of Directors National Council on Agricultural Life and Labor Research, Inc. Dover, Delaware

Report on the Financial Statements

We have audited the accompanying financial statements of the National Council on Agricultural Life and Labor ("NCALL") Research, Inc. Loan Fund, (a division of NCALL Research, Inc., a nonprofit organization), which comprise the statement of financial position as of September 30, 2018, and the related statements of activities and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

To the Board of Directors National Council on Agricultural Life and Labor Research, Inc.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the NCALL Research, Inc. Loan Fund as of September 30, 2018, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

We have previously audited the NCALL Research, Inc. Loan Fund's September 30, 2017 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated January 24, 2018. In our opinion, the summarized comparative information presented herein as of and the for the year ended September 30, 2017 is consistent, in all material respects, with the audited financial statements from which it has been derived.

Other Matter

As discussed in Note 1, the financial statements present only the Loan Fund and are not intended to present fairly the financial position and changes in net assets of NCALL Research, Inc., Dover, Delaware, in conformity with accounting principles generally accepted in the United States of America.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 <u>ENTITY DESCRIPTION</u>

The Loan Fund operates as a line of business within National Council on Agricultural Life and Labor ("NCALL") Research, Inc.

NCALL Research, Inc. was organized in 1955 as a nonprofit corporation and has been providing rural housing technical assistance since 1976. NCALL Research, Inc. competes for funding in the form of contracts and grants from the federal, state, and private sectors when it is available. The mission of the Organization is:

"To promote affordable housing, improved communities, and sustainable development. To that end, we seek to:

- Educate and empower customers to achieve their housing goals and improve their finances.
- Develop affordable housing and strengthen the capacity of other nonprofit housing organizations.
- Provide innovative lending and services targeted to affordable housing and community development.
- Increase public awareness about housing needs and resources, and advocate for improved public policy."

The mission of NCALL Research, Inc.'s Loan Fund is to support NCALL Research, Inc.'s overall mission, which includes community lending, providing financial support and related capacity building for nonprofit customers undertaking affordable housing and community development projects.

NCALL Research, Inc. is governed by a 15-member Board of Directors from the Organization's service area.

NCALL Research, Inc. was chartered as a NeighborWorks® America ("NWA") Organization in 2003. The affiliation with NWA requires ongoing reporting and regular management reviews. NCALL Research, Inc. maintained its "Exemplary" rating, and NWA last conducted a program review in May 2018 which resulted in NCALL Research, Inc. exceeding or meeting all evaluation criteria. It also provides opportunities for grant and capital funding, along with training slots for NWA's training institutes. NCALL Research, Inc. is one of only two organizations within Delaware with the NeighborWorks® designation.

NCALL Research, Inc. was certified as a Community Development Financial Institution ("CDFI") during fiscal year 2005 by the U.S. Department of Treasury. As of September 30, 2018, this certification was in good standing.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 <u>ENTITY DESCRIPTION</u> (cont'd)

As a CDFI, NCALL Research, Inc. chose to participate in the Comprehensive Ratings for CDFI Investments (Aeris) review and rating process. The process was a positive experience and yielded a substantial report and current rating of three stars for impact performance, a rating of AA for financial strength and performance, and a Policy Plus designation.

NCALL Research, Inc.'s Board of Directors undertook strategic planning during September 2016, yielding a three-year plan for the Organization for fiscal years 2017-2019.

Business Operations of the Loan Fund

The standard business operations of the Loan Fund are described in its business plan, loan policies, and related documents. Included are descriptions of target areas for the Fund, its customer base, summary of loan products, and its capitalization policy.

Management and Operations

NCALL Research, Inc.'s Board of Directors delegates the oversight authority of the Loan Fund to its Loan Fund Committee. The decision-making process, underwriting, risk rating, and capitalization operations are described in the loan policies that are reviewed and updated regularly. The loan policies were updated and reconfirmed in March 2017.

NCALL Research, Inc.'s Loan Fund has an extensive review process that combines loan origination by staff; daily oversight of this function through its Executive Director, Loan Fund Director, and Loan Fund Manager; and the overall review and approval process at the Loan Committee level. A committee of six NCALL Research, Inc.'s Board Members or Board-approved appointees oversees the Loan Fund and is responsible for policies and the approval process. Experienced legal counsel has been retained to develop and review loan documents.

The Loan Fund representatives at the Committee and staff level adhere to a disclosure and conflict-of-interest policy in the event a customer or loan request comes in wherever there may be involvement with a Loan Fund Committee member.

The Loan Fund procedures define a process that reviews and monitors the pre-closing requirements for each loan. In the master loan file, any monitoring issues above and beyond the standard portfolio requirements are highlighted. The loan documents contain the standard language regarding timely payments and collections procedures.

The Loan Fund has an aggressive collections procedure in place to maintain the overall credit quality of the NCALL Research, Inc. portfolio.

The risk rating for each loan, after its initial approval, is reviewed no less than once a year.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 ENTITY DESCRIPTION (cont'd)

Products of the Loan Fund

The Loan Fund defines its customer base as qualified borrowers that have a primary mission of affordable housing and/or community development. The resources from the Loan Fund will, for the most part, be expected to assist customer organizations in accomplishing their housing projects. However, the Loan Fund also will consider financial products that support the overall operations of the nonprofit sector.

The Loan Fund's current products are predevelopment and working capital loans, site development and acquisition loans, gap and bridge financing on multifamily projects, loan guarantees, and community-based facility loans. Each of these products fills a clear financing need that is not readily available from other sources. Each product helps to develop or preserve housing for low and very low-income households.

Capitalization

The Loan Fund has a capitalization strategy which guides the Loan Fund through its relationships with investors and participating lenders. There are three primary ways the Loan Fund raises capital; grants, debt, and participation loans to other lenders. Through its operations, regular financial and compliance reports are generated.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Financial Statement Presentation

In accordance with the section of the Financial Accounting Standards Board's Accounting Standards Codification ("FASB ASC") regarding financial statements of not-for-profit organizations, the Loan Fund is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. In addition, the Loan Fund is required to present a statement of cash flows.

Contributions

In accordance with the FASB ASC section regarding accounting for contributions received and contributions made, contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support, depending on the existence and/or nature of any donor restrictions.

NOTES TO FINANCIAL STATEMENTS

NOTE 2 <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u> (cont'd)

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Loan Fund considers all highly liquid investments with an original maturity of three months or less to be cash equivalents.

Loans Receivable

Loans receivable represent funds advanced to qualified organizations that have a primary mission of affordable housing and/or community development. Loans are stated at unpaid principal balances less an allowance for loan losses. The allowance for loan losses is estimated to be a minimum of five percent of the outstanding loan balance plus any amounts known to be uncollectible, and additional amounts determined by management based on the loan's internal risk rating. Past due status is determined based on contractual terms. Loans are considered impaired if full principal or interest payments are not anticipated in accordance with the contractual terms. Loans are written off as a charge to the allowance for loan loss accounts when, in management's estimation, it is probable that the receivable is worthless. Loan security is outlined in the promissory notes.

Interest on loans is recognized over the term of the loan and is calculated using the simple-interest method on principal amounts outstanding. Loan origination and commitment fees are not material to the financial statements and are recognized as revenue when the loan closes.

Loans receivable are placed on nonaccrual status when management believes, after considering economic conditions, business conditions, and collection efforts, that the loans are impaired or collection of interest is doubtful. Uncollected interest previously accrued is charged off or an allowance is established by a charge to provision for loan losses. Interest income on nonaccrual loans is recognized only to the extent cash payments are received.

Property and Equipment

The Loan Fund capitalizes all expenditures for equipment in excess of \$5,000. Equipment is stated at cost at date of acquisition or fair market value at date of donation. Equipment is depreciated on the straight-line method over the estimated service life of the asset.

The estimated service life for equipment is five to ten years. Expenditures for maintenance, repairs, minor renewals, and betterments which do not improve or extend the useful life of the respective asset are expensed.

Income Taxes

NCALL Research, Inc. is exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code. However, income from certain activities not directly related to NCALL Research, Inc.'s tax-exempt purpose may be subject to taxation as unrelated business income.

NOTES TO FINANCIAL STATEMENTS

NOTE 2 <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u> (cont'd)

Generally accepted accounting principles prescribe rules for the recognition, measurement, classification, and disclosure in the financial statements of uncertain tax positions taken or expected to be taken in NCALL Research, Inc.'s tax returns. Management has determined that NCALL Research, Inc. does not have any uncertain tax positions or associated unrecognized benefits that materially impact the financial statements or related disclosures. Since tax matters are subject to some degree of uncertainty, there can be no assurance that NCALL Research, Inc.'s tax returns will not be challenged by the taxing authorities and that NCALL Research, Inc. will not be subject to additional tax, penalties, and interest as a result of such challenge.

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Prior Year Financial Statements

The financial statements include certain prior year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with generally accepted accounting principles. Accordingly, such information should be read in conjunction with the Loan Fund's financial statements for the year ended September 30, 2017, from which the summarized information was derived.

NOTE 3 ALLOWANCE FOR LOAN LOSSES

For the year ended September 30, 2018, the change in the allowance for loan losses is as follows:

	Allo	eginning owance for oan Losses	 rision for n Losses	Char	ge-offs	 Ending owance for oan Losses
Affordable Housing Community Facilities	\$	1,150,400 540,100	\$ 90,322 159,678	\$	-	\$ 1,240,722 699,778
Total Allowance	\$	1,690,500	\$ 250,000	\$	-	\$ 1,940,500

NOTES TO FINANCIAL STATEMENTS

NOTE 3 <u>ALLOWANCE FOR LOAN LOSSES</u> (cont'd)

The ending balance in the allowance for loan losses is attributed to loans that have been evaluated collectively. As necessary, adjustments are made to the Loan Fund's method of estimating the allowance for loan losses.

NOTE 4 CREDIT QUALITY OF LOANS RECEIVABLE

The Loan Fund monitors the credit quality of its loans receivable by assessing the collection experience of existing borrowers, the creditworthiness of new borrowers, and the sufficiency of collateral related to the receivables. Loan security is outlined in the promissory notes.

Each loan is risk rated when approved. The risk rating is reviewed annually after approval and closing. Loans will be reviewed more frequently if they are/become rated below Adequate or have performance issues. The risk ratings are consistent with community development lending standards and are: Good, Standard, Adequate, Watch, Sub-standard, and Doubtful/OREO. The Loan Fund's standard Allowance for Loan Losses ("ALL") is five percent against all portfolios outstanding. Special, additional reserves are defined with each rating below, where appropriate.

The internal risk ratings are as follows:

Good

The loan request, and the borrower, exceeds underwriting criteria related to: quality of collateral, strength of loan repayment, supportive market conditions, and a strong financial condition. An additional allowance is not required for this rating.

Standard

The loan request and the borrower meet all of the underwriting criteria: quality of collateral, strength of loan repayment, supportive market condition, and an acceptable financial condition. An additional allowance is not required for this rating.

<u>Adequate</u>

The loan request and the borrower meet the underwriting criteria with the understanding that there may be some weaknesses with certain criteria that would be offset by other criteria. Some weaknesses may be created by market issues, or given the size and type of borrower. These criteria do not mean that the borrower or project is weak; this situation is typical with community development projects. There may be loan policy exceptions which may prevent the loan from being rated Good or Standard, and additional loan monitoring may occur. An

NOTES TO FINANCIAL STATEMENTS

NOTE 4 CREDIT QUALITY OF LOANS RECEIVABLE (cont'd)

additional allowance is not required for this rating, but additional performance measures may be recommended that are not allowance related.

Watch

The loan request and the borrower no longer meet all the underwriting criteria, so there are one or more weaknesses to address. A specific financial loss may not be expected at this time, so the rating pertains to time and effort to offset weaknesses. The loan may, or may not, be late with its payments. A Watch rating is for shorter terms, with the expectation that the rating improves or deteriorates within six to twelve months of the Watch rating. An additional allowance of up to 25 percent of the amount may be recommended for the Watch-rated loan.

Sub-Standard

TOTAL

The loan and the borrower are in default, and there is an expectation that financial loss may occur, or already has done so. When the loan reaches 90 days past due, it will be placed on nonaccrual status. If the loan cannot be cured within a reasonable time (within six months from the receipt of this rating), staff will prepare a plan of action for review and approval by the Loan Fund Committee. A plan may include: restructuring the loan, charge-off, an extension for other repayment sources, etc. It may take 12-18 months to cure the loan after the plan of action has been approved. An allowance of up to 50 percent of the loan amount may be considered with this rating.

Doubtful/Other Real Estate Owned ("OREO")

The loan and borrower continue to be in default, and there is no expectation of a repayment strategy. Disposition and charge-off actions are recommended by staff to the Loan Fund Committee. Approval for the charge-off process (time and amount) is required. An allowance of up to 100 percent of the loan amount will be considered with this rating.

The information used to internally rate loans receivable was updated as of September 30, 2018.

\$ 22,752,031

As of September 30, 2018, loans were split between the following portfolio segments:

The Loan Fund sold a loan participation in the amount of \$500,000 (\$74,147 balance at September 30, 2018) to Enterprise Community Loan Fund (total loan amount of \$750,000), of which the Loan Fund agrees to take first loss of fifteen percent of the original loan amount in the event of default. The loan matures on February 1, 2019.

The Loan Fund services, administers, and collects the receivables on behalf of the purchaser. The Loan Fund has not recognized a servicing asset or liability because it is impracticable to estimate its fair value.

NOTE 6 PERMANENTLY RESTRICTED NET ASSETS

NeighborWorks® America capital grants are restricted for making loans and for capital projects. The capital grants are permanently restricted although proceeds on capital projects, or interest earned, over and above the corpus may be transferred to unrestricted net assets for furthering NCALL Research, Inc.'s mission. However, should NCALL Research, Inc. become defunct, all remaining grant funds, interest earnings, capital projects proceeds, and the loan and capital projects portfolios representing the use of these funds will revert to NeighborWorks® America.

In 2018, NeighborWorks® America released from restriction \$210,000 in current year grant funds previously classified as permanently restricted net assets by the Loan Fund. Accordingly, this amount has been shown as net assets released from restriction in the statement of activities.

As of September 30, 2018, the balance of permanently restricted net assets totaled \$490,000.

NOTE 7 CONCENTRATIONS

The Loan Fund received 34 percent of its total revenue and public support from Community Development Financial Institutions Treasury during the year ended September 30, 2018.
